CAREER OPPORTUNITIES - Santa Barbara, CA

RF Products Intern (Ref #2017-E)

Toyon Research Corporation is seeking interns who have strong analytical capabilities and are working towards a B.S in engineering, mathematics, physics, or a related field.

We are looking for students who have many of the following skills:

- Self-motivated
- Excellent thinking and problem solving skills
- Knowledge of quality and process control methodologies, EM, RF circuit design, and/or antenna design
- Ability to work with others to conceptualize and solve problems
- Excellent math background
- Ability to work independently
- Ability to understand, modify, and execute simulations of physical or electronic systems
- Knowledge of computer languages and/or tools (e.g., HFSS, MATLAB)

U.S. Citizenship Required. Ability to qualify for a US Department of Defense security clearance required.
